

Executive 1m Steplift

The elegant solution for
up to one metre of travel

A functional and stylish lift to compliment any modern space

- 280kg capacity *
- up to 1m travel
- access between 2 levels
- user plus attendant
- wheelchair or ambulant
- internal & external
- public access

The uber stylish Executive 1m Steplift will compliment any environment, with a wide range of versatile options that enhance its ability to blend into almost any location.

The Executive is simple to operate and offers safe, easy and reliable access for wheelchair users. It also boasts a range of bespoke options that is truly unique to the access market.

The hydraulic drive, scissor-frame platform, capable of lifting up to 280kg, moves quietly between levels up to 1 metre and is suitable for both internal and external environments. And as with all our lifts, the Executive has exceptional safety standards, exceeding requirements in many areas.

Key features that elevate this stylish solution include its elegant curved profile and enhanced user experience with optional powered upper and lower gates, autodialler and auto-closers.

12 Months Warranty

Our Executive 1m Steplift comes with 12 months Parts and Labour as standard. We also offer Extended Warranties up to 5 years covering you for all service and maintenance costs.

Style that lasts

The Executive is designed to be as robust as it is stylish, and is therefore an ideal option for both internal and external public spaces. With the pump unit integrated within the lift it offers **reduced vandalism risk** and no need for a separate control unit location.

Taking only **one day to install** with **minimal builders work**, the lift can also be **relocated** offering great flexibility for the future.

Low maintenance requirements and **easy access to the pump** for servicing means your Executive 1m Steplift will provide reliable and efficient access for many years to come.

Why choose our lifts?

We have been specialising in lift access since 1983 and really understand our customers' needs and concerns.

When mobility access is required it raises many important questions and practical issues that our team are experts at solving. And our highly trained support team are here 24 hours a day to respond to your needs, wherever you are located.

As leaders in state-of-the-art lift technology, our versatile range of access solutions are designed to be elegant and fit easily into your environment, freeing up space and ensuring the ultimate in comfort and safety for its users.

“ The Steplift recommended was perfect. And the wide range of options meant it fits in with our decor - which is fantastic! ”
